Virtual HR for your Company

## Cost effective Human Resource (HR) solutions - For your Company

Does the thought of Employment Law and changing legislation cause you concern?  
Are Human Resource and employee issues giving you problems and causing you grief?

### Do you need to employ a Human Resources Manager?

If the answer to any of these questions is **YES** then we can help and tailor the solution that's right for your business and in the most cost effective manner.

We can provide you with the level of HR support that your business needs.

Most importantly we can give you total piece of mind

**Please remember** - The consequences of getting it wrong can be very costly.

## To meet your Human Resource requirements

### **Tailored Support:**

We will work with you to design Human Resource support solutions to suit your individual company requirements.

### **Telephone Advice Lines:**

Unlimited telephone access to qualified Human Resource staff working to timescales of 4 hours to clarify information.

### **What is available – Online support:**

Ensure you stay on top of the latest changes to employment legislation and have access to relevant employment information online. An email alert service is available.

### **In-depth support:**

To assist with specialised projects and to meet your companies requirements. A project rate will be discussed to meet your individual needs.
